The extraordinarity cheap prices at which we are selling our real Guipure Laces have induced many people to believe and some would-be judges to assert, that the goods are units, tion or part cott.

We would, therefore, respectfully inform our patrons and the public at large that if they do not find all our goods structly as represented, and our Guipure Laces especially, to be the reat quality of all silk real guipure, that they would do more than oblice us by returning the same, when the money will be cheerfully refulded. We hope to convince all that our business is based on the broadest principles of honesty and integrity, and to these principles our success and popularity must be altributed.
